

HARRIS

School Solutions

February 22, 2012

Dear Valued Customer:

We are excited to announce that Capital Computer Associates, Inc. has been acquired by Harris Computer Systems. Harris is a leading provider of mission critical software for K-12 education, utilities and municipal governments with over 1,200 employees and over 6,200 customers throughout North America.

Capital Computer Associates will become part of the Harris School Solutions division of Harris, while retaining the same staff with whom you have built a relationship over the past 23 years. It is important to stress our commitment to a *business as usual* mindset. The Capital Computer Associates' office will remain "as is" in Albany with the same contact numbers and the same staff providing the same unsurpassed support. In addition, Harris will continue to support the existing WinCap software solutions. The primary changes we have planned are centered on offering you more products, more services and more choices.

Harris will continue to invest in the WinCap products and solutions and the commitment will not stop there. We will ensure that your products continue to adapt while embracing newer technology and changing state requirements. We feel that our current product portfolio provides an attractive springboard into the future. From a product perspective – we never stand still.

Harris's resources, experience, and business partnerships combined with Capital Computer Associates' industry knowledge, strong customer relationships and focus on continuous product evolution will increase both the level of service and stability of our ongoing partnership with you.

Harris has been in business since 1976, with a focus on creating long-term relationships with our customers and ensuring that we consistently meet their changing needs. At Harris, we believe good People are the key to providing high quality Products and Services. The People at Capital Computer Associates live this principle every day.

Our success throughout the years has been dependent upon the strength of the relationships between our People and our Customers. We strongly feel that customer relationships are built and sustained through active communication and a mutual understanding of shared goals and objectives. In order to keep you informed of our plans during this transition, we are committed to providing you with regular customer communications so that you remain apprised of our progress and initiatives.

In the meantime, if you have any questions, I encourage you to contact me directly at 716-297-8005 x 221, Brian Chapin, Executive Vice President, Schools at 716-297-8005 x 243 or any member of the Capital Computer Associates staff. Should you wish to learn more about Harris, please visit our websites at: <http://www.harris-schoolsolutions.com> or <http://www.harriscomputer.com>.

We truly value your feedback and input as we move forward and look forward to cultivating and continuing a long and productive relationship.

Yours truly,

Jerry Canada, Jr.

President, Harris Public Sector and School Group
